

CLASS PROCEDURES

I. Personal Items Each Child Must Have

- _____ One (1) crib sheet, lightweight blanket or sleeping bag
- _____ One (1) blanket
- _____ One (1) pillow case for storage
- _____ One (1) painting smock or old shirt
- _____ At least 1 full change of clothing including socks
- _____ Lunch, packed with spoon or fork if needed
- _____ Daily supply of diapers and/or training pants

II. Drop Off

A refrigerator box located on top of the cubbies is for items that must be refrigerated only. It is important that parent's read the monthly calendar to know when special items from home should be brought in. Please remember to sign in and out on our room sign-in sheets.

III. Potty

Your two year old does not need to be potty trained to be in the two's class. Each child has his/her own style of dealing with the challenges we present and his/her own readiness clock, potty learning being one of the many of those challenges. In a two's class survey conducted in November 1991, we found the following:

Twenty-five percent (25%) had no interest in using the potty; 40% had some interest (would sit on the potty – rarely or never put anything in it); 25% would use the potty some days and not at all on

other day; 0% would go regularly with some “accidents;” 10% were fully trained (would ask to use the potty with occasional accident.)

We, as teachers, consistently discourage parents and ourselves from comparing children. We hope that this little survey will set you at ease concerning your child’s potty progress.

IV. **Class Rules**

- We must be kind and gentle to our friends.
- We must clean up after ourselves and take good care of our toys and books.
- We must use quiet voices indoors, yelling is for outside.
- A teacher must be with us at all times.
